**I used 2 layers of water soluble stablizer,
number 12 schmetz universal needle,
40 weight Madeira Rayon thread top and bottom**

**This set includes a six sided baskets in 3 sizes,
and a 6 sided bells , in 3 Sizes,
also included in 3 sizes , the doily 9, 10, 11
there are 5 sizes of cut work hearts
and 5 sizes of ribbons for use on fabric**

Basket Sew out and Assembly

Stitch out 6 designs for each basket .
trim, and sew the pieces together

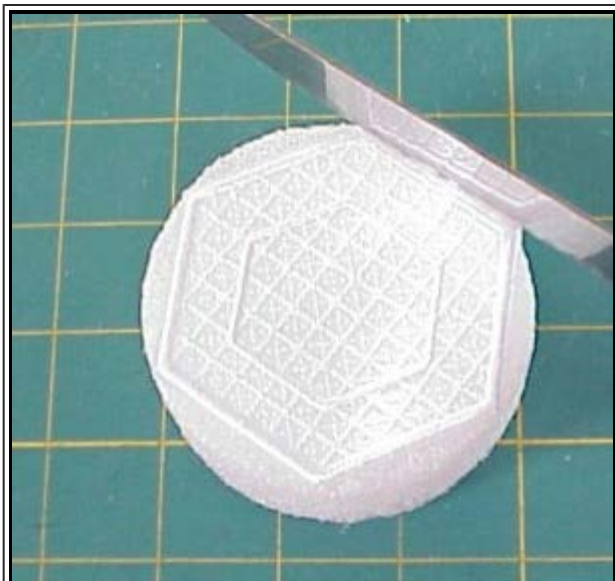

Leaving one side open
Sew the basket center in place

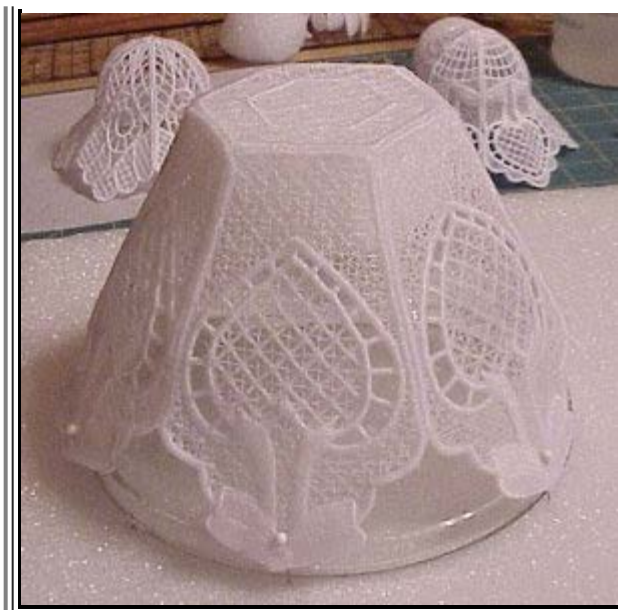

Turn and then sew up the last
basket seam

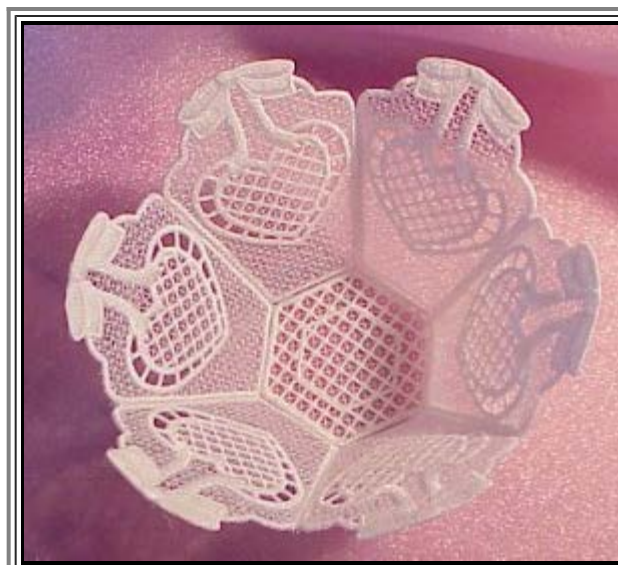

rinse under warm water for a few seconds only

I cut a styrofoam section to fit in the basket bottom for shaping

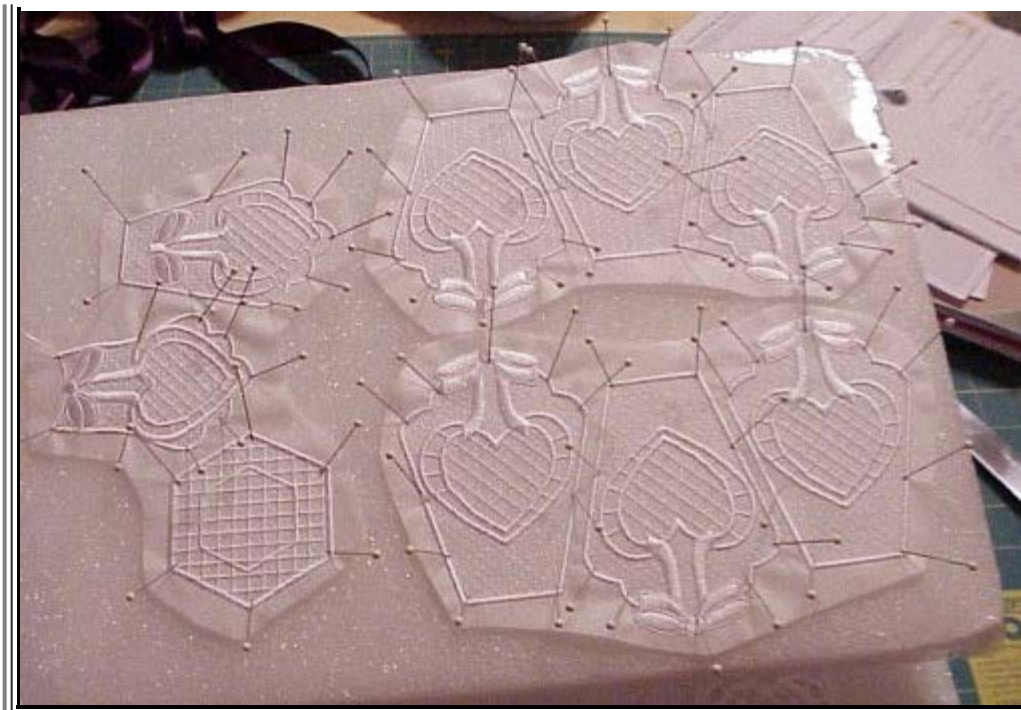

Lay over a bowl for drying

Finished basket

Alternative Basket assemble 2 My preference

Trim excess and pin to styrofoam
Take to the sink and rinse excess off
I have a spray hose on my sink
worked perfect.
Now sew to gether as above
The smallest basket is a bit small
so I sewed the sides together and
used Aleen's Glue to attach the
bottom

Doily Assembly

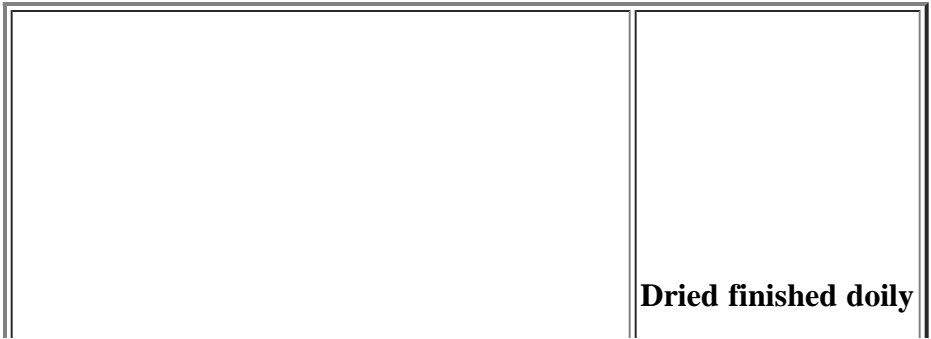

**For the doily, you will need 12 parts
Sew 6 parts together
be sure to match the lines in the designs**

Now sew the 2 big parts together.
Voila done

**Rinse under that tap for a few seconds
now pint to a styrofoam board.
stretching to take out the crinkles**

Dried finished doily

Accessories, Cut work, partial FSL Lace Trims and Borders

**Extra parts can be used as endless lace borders, cut work,
Many things can be accomplished with these extras
Even the Bell Sections, doily sections etc,
make gorgeous endless borders on a wedding gown**

Bell Instructions

**Using 2 layers of Vilene,
Pull tight in your hoop
You will need 6 parts to each bell**

Trim the sides, this will need to be done to sew together

**Here is the 6 trimmed,
Sew together before rinsing**

**sew together matching the patterns,
using a zig zag stitch**

when you get to the curve

**slightly cross over the sides,
until you get past the curve of the bell**

**Now spread the last part of the sides,
making sure to match the patterns**

Sew three together , 2 times

you now have 2 halves

**Sew the halves down the center,
Be sure to keep the patterns matched**

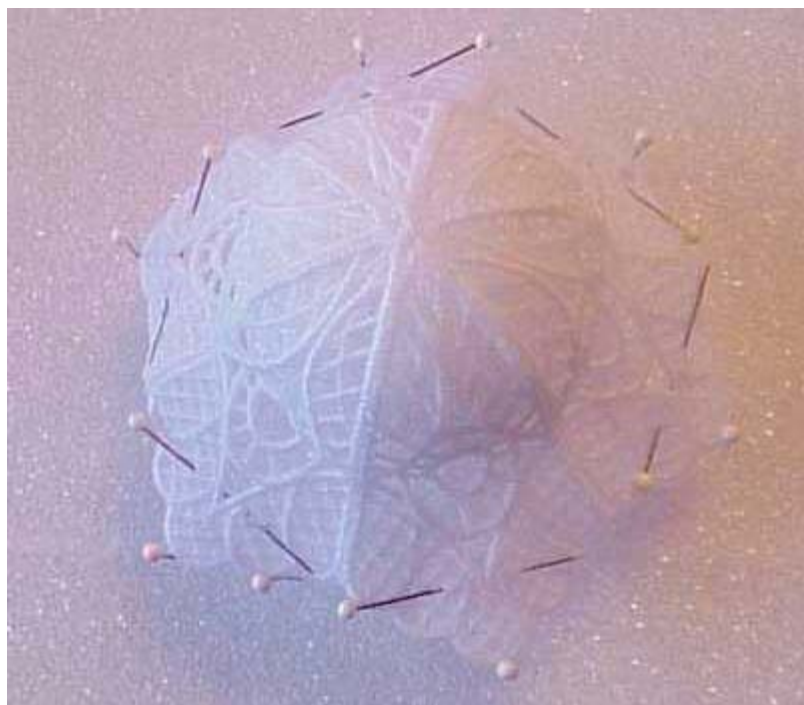

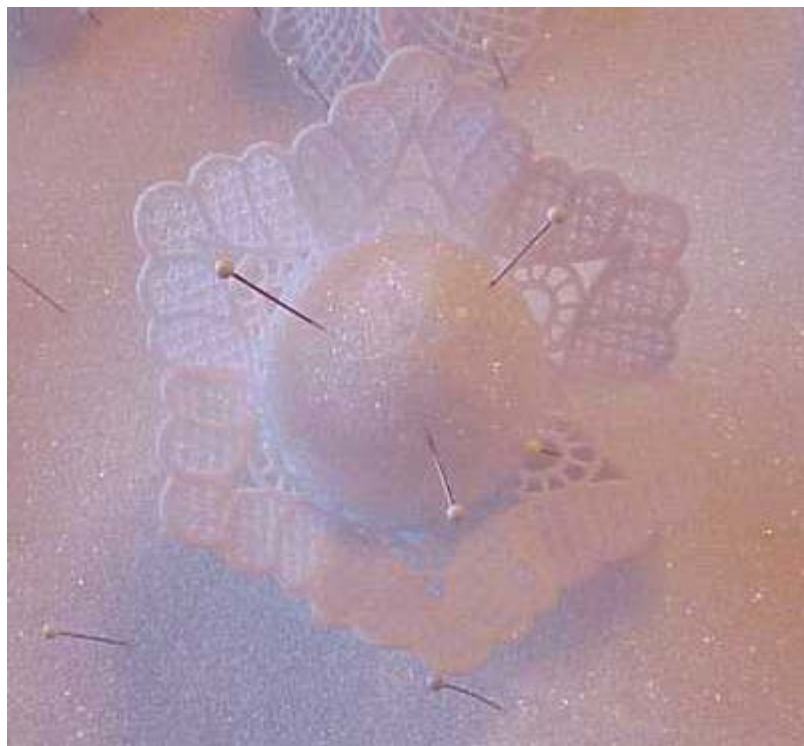

Sewing up to the center

The bell is sewn. Turn right side out

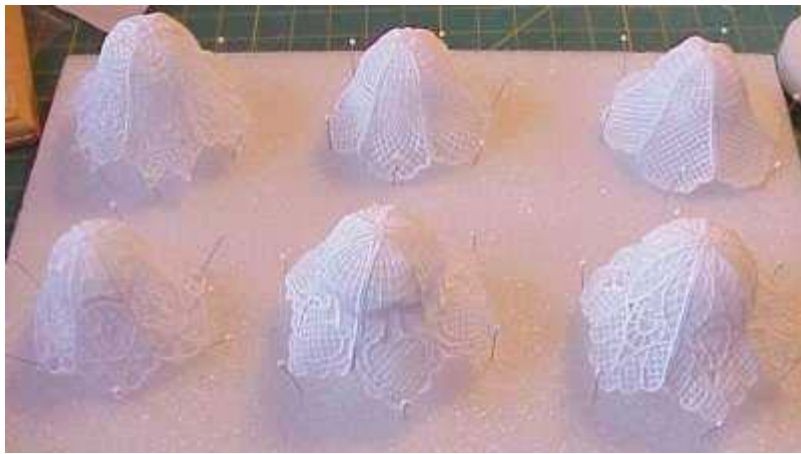

**Rinse under warm water for only a few seconds.
that's all it takes to dissolve Vilene**

**I use egg shaped styrofoam to keep the bell part
shaped
I stuck 3 pins in the bottom to form a small stand**

**I ran a pin in each petal of the bell
so it would not curve to much in drying**

**then set the egg and bell down on a sheet of
styrofoam
and pinned each petal to stop it from spreading**

**this shows all bells set up drying
once dry if wanted you can glue the ornament
holder on the top**
