# Snowbell Whispers

Design's are Free Standing Lace when done as directed
I used 2 layers of Vilene,
number 12 schmetz universal needle,
40 weight Madeira Rayon thread on top and a fine bobbin thread.
I used a prewound from
I rinsed the vilene out holding each ornament under warm water a few seconds only,
Also tested with H20 Gone From Wal-mart - Not tested with any other stabilizer

Available Formats
DST, EXP, HUS, JEF, PES, VIP, VP3, XXX,
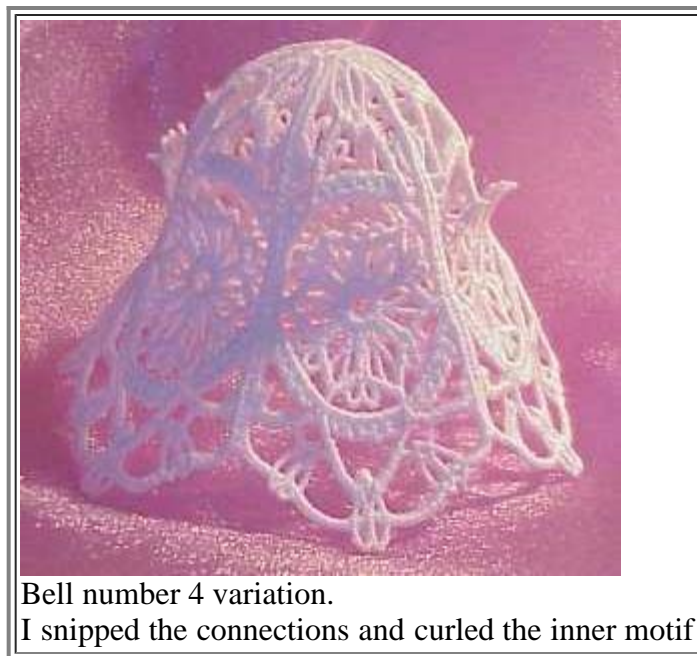

Bell number 4 variation.
I snipped the connections and curled the inner motif

Design Instructions

Using 2 layers of Vilene,
Pull tight in your hoop
You will need 6 parts to each bell

Trim the sides, this will need to be done to sew together

Here is the 6 trimmed,
Sew together before rinsing

sew together matching the patterns,
using a zig zag stitch

when you get to the curve
slightly cross over the sides,
until you get past the curve of the bell

Now spread the last part of the sides,
making sure to match the patterns

Sew three together , 2 times

you now have 2 halves

Sew the halves down the center,
**Be sure to keep the patterns matched**

Sewing up to the center

The bell is sewn. Turn right side out

**Rinse under warm water for only a few seconds. that's all it takes to dissolve Vilene**

I use egg shaped styrofoam to keep the bell part shaped
I stuck 3 pins in the bottom to form a small stand

I ran a pin in each petal of the bell
so it would not curve to much in drying

then set the egg and bell down on a sheet of styrofoam
and pinned each petal to stop it from spreading

this shows all bells set up drying
once dry if wanted you can glue the ornament
holder on the top
